BEHAVIOR SUPPORT SPECIALIST
Liberty Healthcare Corporation has been awarded a new contract with the State of New Jersey to help staff the Behavior Support Specialist needs for The New Lisbon Developmental Center located in Southern New Jersey. Qualified candidates must have a Master’s degree in Clinical Psychology, Counseling or School Psychology or other Behavioral or applied field of Psychology. Prior experience working with individuals with developmental disabilities and/or behavioral analysis and possess appropriate treatment strategy skills for the DD/MR population. The candidate must have a minimum of 3 months experience working with dual diagnosis (MR/MR) developmental disabilities and/or autism.
Residents live in cottages to maintain a home environment that reflects the interest and preferences of the individuals who live there. Treatment involves medications but there is a heavy emphasis on behavior modification. Sheltered work activities with equitable wages and diversified work sites provide a sense of accomplishment for our residents and are a vital part of the interdisciplinary team approach to treatment.
Enjoy a family friendly 40 hour work week. New Lisbon is located in the beautiful Pine Barrens and just 1 hour from Philadelphia and 20 minutes from the pristine New Jersey beaches. New York City and Washington D.C. are only a couple of hours away.
Liberty offers competitive compensation with full comprehensive benefits package and 6 weeks paid time off. For additional information contact Carol Wertley 610-668-8800 ext. 141; cell 610-389-7437; carolw@libertyhealth.com

Contact: P. Towle, Ph.D: ptowle@wihd.org
914-493-8212; See website: www.WIHD.org (click on Education and Training)

SEPTEMBER 2010- MAY 2011
Leadership Training in Neurodevelopmental Disabilities (LEND)
Fellowships are part of all Pre-Doctoral Internships and Post-Doctoral Fellowships
at the

WESTCHESTER INSTITUTE FOR HUMAN DEVELOPMENT

All pre-docs and post-docs in Psychology at WIHD take part in the 9-month federally funded
LEND fellowship. LEND Fellows:
* Spend all day Thursday in training activities with approx. 20 graduate-level trainees from 6-8
  other disciplines.
* Take part in lectures, symposia, team projects, and research teams
* Learn about developmental disabilities from all viewpoints-clinical, family-centered care, cul-
tural competence, public health, policy and advocacy, and evidence-based treatments
* have expensed-paid opportunities to attend local and national conferences
* Get hands-on training in leadership skills: advanced PowerPoint, creating web pages, giving
  presentations, grant-writing, legislative advocacy

Learn more about LEND at www.WIHD.org
