  CONFERENCE
DEAN’S CORNER

Candace DeCaires-McCarthy (First Year Student in the Clinical Psychology Program) has been selected by the APA Minority Fellowship Program to receive a fellowship in the 2009-2010 academic year.

Dr. Judith Glassgold, (PsyD 1989 Alumna of the Clinical Psychology Program), has been awarded the American Psychological Association Catherine Acuff Congressional Fellowship for 2009-2010 in partnership with the Association for the Advancement of Science. The purpose of the fellowship is to expose and involve psychologists in the formation of public policy by having them serve on the staff of a member of the US Congress, where they can provide information to policymakers on psychological issues.

Dr. Debra Leclair, (PsyD 2002 Alumna of the School Psychology Program) has been named by the United States Small Business Administration as New Hampshire Women in Business Champion of the Year. Deb is President of New Hampshire based Platinum Principle Training and Development, LLC, and she serves on the Board of Directors of the Women’s Business Center, among other directorship appointments. Deb’s company provides management development, program planning and evaluation services and leadership training to public schools, non-profit agencies, and business corporations, nationwide.

CONGRATULATIONS TO ALL ON YOUR OUTSTANDING ACHIEVEMENTS!

Stan Messer
Dean
Recently, you received an invitation (via email) to participate in an exciting study that seeks to compare the career experiences of graduates from the clinical Psy.D. and Ph.D. programs at Rutgers University from 1976 to 2008. Both clinical programs have a strong reputation for preparing talented graduates who go on to make significant contributions to the field. We are very interested in following-up on our graduates and excited to have the opportunity to learn about your career experiences.

Donald Peterson, Ph.D., founder of the Psy.D. degree and the first dean of GSAPP, was extremely committed to the education of professional psychologists and this study is inspired by his vision. Because both programs are housed in the same institution, this study provides a unique opportunity to examine the Boulder and Vail models of training side-by-side.

To continue the legacy of Dr. Peterson's work for improving the training of professional psychologists, we have prepared a one-time survey designed to provide critical information about the careers that our graduates have developed after receiving their doctoral degrees. It is expected that the study will help answer some important questions about the education of professional psychologists, which would help inform GSAPP as well as the larger community of clinical psychology training programs.

The study is being conducted by Kara Biondo, Psy.M., a doctoral student at GSAPP. Should you have any questions related to this study, please contact Kara Biondo at (732) 445-6111, ext. 848. We encourage all of you to participate in this brief, but very important study!

A private practice is looking for a licensed psychologist or temporary permit holder to conduct psychological evaluations in the Burlington/Camden/Gloucester county area of New Jersey. This practice serves adults, adolescents, and children being followed by child welfare agencies. Referrals include questions regarding parenting capacity, sexual abuse, and general treatment recommendations. Must have experience with psychological testing and assessment. Opportunities for therapy also available. Willing to supervise towards licensure. Part time and very flexible hours. For more information contact Genevieve Chaney, Psy.D. 118 Haddon Avenue, Haddonfield, NJ 08033. Phone: 267-608-7301, Fax: 215-825-5368. Genevieve Chaney, Psy.D. PA & NJ Licensed Psychologist/PA Certified School Psychologist.

The Center for Motivation and Change (CMC) is seeking a licensed clinical psychologist to join their staff full-time (with some part-time possibilities). CMC is a unique, private group practice in New York City and Westchester specializing in the treatment of substance use and compulsive behaviors. The cornerstone of CMC's treatment approach combines motivational and cognitive behavioral techniques, utilizing evidence-based approaches to help clients develop and implement their goals for change.

CMC offers clinicians the opportunity to work in a collaborative and stimulating environment, providing individual, group, couples and family treatment, while also receiving ongoing training and supervision in cutting-edge evidence-based approaches in the field of addiction. Competitive salary and benefits package, including insurance, matching 401K, and education stipend available to full-time clinicians. Experience with MI, CBT, and substance abuse treatment preferred. Opportunity for work in both Manhattan and White Plains.

Inquiries about this position may be forwarded with CV to admin@motivationandchange.com. Please indicate “RE:PSYCHOLOGIST POSITION” in your subject heading.
