

Behavior Analyst / Behavior Specialist (Somerville/Bridgewater)

AdvoServ of New Jersey is seeking a behavior analyst/behavior specialist to provide behavior analytic services to adults with developmental disabilities and dual diagnoses living in community-based residences.

Applicants must be skilled in conducting functional assessments, reinforcer identification, developing behavior management plans, reviewing data, and conducting staff training.

Applicants should have a BA, MA, or Ph.D. in psychology with coursework in behavior analysis, be board certified or eligible (BCABA or BCBA), and have relevant experience with individuals who experience behavioral problems such as aggression and self-injurious behavior.

AdvoServ offers a competitive salary, medical/dental insurance, 401 k, tuition reimbursement, opportunities for career advancement within the organization, and research experience.
