DEPARTMENT OF APPLIED PSYCHOLOGY

SCHOOL PSYCHOLOGY PSY.D. PROGRAM PROPOSAL

The Program Proposal represents an agreement between the student and GSAPP. The Program Proposal serves as a guide to the school psychology curriculum and ensures that students meet course requirements. Courses listed on the attached pages should be viewed as a plan for timely progression through the program and not a guarantee that courses will be available in specific semesters. The School Psychology Program faculty periodically reviews the curriculum for revision. Students must meet the requirements in effect at their date of Program entry. Students may also be required to meet revised requirements if their Program Proposal has not yet been completed and approved.

DIRECTIONS

This form lists required courses, required course areas for which some choice is permitted, and electives for which choice is relatively unconstrained, but subject to approval by your faculty advisor. The required courses include didactic courses and practicum courses, as well as courses for internship and dissertation work. The form has space for you to indicate when you have taken, plan to take, or have received approval for waiver of each course requirement. There is also space to indicate approved transfer of course credits from other institutions. In addition, there is space to indicate any official GSAPP Concentrations that you plan to complete.

After consultation with your Faculty Advisor, you (the student) should complete and sign the original form. Your Faculty Advisor should review your Program Proposal, and sign the original form to indicate approval. You (the student) should bring the original form to the School Psychology Program Administrator for final review and signature. If the Program Proposal receives final approval, the Program Administrator will send you a Letter of Program Proposal Approval with a copy of your signed Program Proposal.

Note on Course Electives: Course electives allow you to expand your knowledge and skills in areas of professional interest to you. You may select a course elective from any of the GSAPP course offerings, or from course offerings of other schools at Rutgers University such as the Graduate School of Education, the Department of Psychology in the Faculty of Arts and Sciences, the Bloustein School of Planning & Public Policy, the School of Management and Labor Relations, or the Rutgers Business School. School Psychology Program students frequently take electives to support their interests in particular types of therapeutic procedures (e.g., cognitive behavior modification), in particular problem areas (e.g., aggression, substance abuse), in systems level work, or in administration and management. Your electives should be chosen in consultation with your Faculty Advisor.

SAMPLE FIVE YEAR PROGRAM

This is an example of the kind of program that can be taken over five years, which allows for enrichment through additional courses, research, and/or extra paid practica. We encourage such programs for their training value.

Revised 2013
Dear [Name],

Department Chair

I recently submitted my program proposal listing the courses and the semesters in which I intend to fulfill the requirements for the PsyD degree.

I would like to modify my proposal making the following substitution(s):
